List all of the trade names under which you operate (e.g., Yellow Cab, Luxury Transport, Accessible Transportation): \_\_\_\_\_

## MEMBERSHIP FEE & PAYMENT

**Dues are based on the number of passenger vehicles (taxicab, livery, NEMT, paratransit, shuttle, luxury, and motorcoach) operating in an organization's system.**

- The Transportation Alliance dues cover all vehicles connected with The Transportation Alliance member operator's organization(s). That means that all passenger vehicles receiving any service whatsoever from the member operator or from the operator's organizations (company, cooperative, association, dispatch service) that operate within 75 miles of your organization's location are covered. This includes independents, affiliates and/or associates who own their own vehicles and/or their own permits and simply purchase dispatch or insurance or some other service from The Transportation Alliance member operator's organization(s).
- Since many fleets either trade under several different names and/or different corporate structures, it is required that all of these diverse entities that are affiliated with the operator, or the operator's management team, and which are located within 75 miles of The Transportation Alliance member organization(s), are covered by The Transportation Alliance dues. The organization can have each affiliated transportation service join The Transportation Alliance independently or all services operating within a 75-mile radius can be amalgamated into one large member, but all of them must join for any one of them to join.
